Link to this page: But as this work is chiefly recommended to those who know how to read it, and how to make the good uses of it which the application than with the application than with the relation, and with the end of the writer than with the life of the person written of. This is, however, a kind of horse-medicine, which requires a very robust constitution to digest, and is therefore proper only for the vulgar, unless in one single instance, viz., where superiority of birth breaks out; in which case, we should not think it very improperly applied by any husband whatever, if the application was not in itself so base, that, like certain applications of the physical kind which need not be mentioned, it so much degrades and contaminates the hand employed in it, that no gentleman should endure the thought of anything so low and detestable. If this is not a detailed letter, the reason is that I must soon be starting for the office, in order that, by strict application to duty, I may make amends for the past. They regarded this wonderful application of science with intense admiration; and whilst I was stitching away, old Marheyo, who was one of the lookers-on, suddenly clapped his hand to his forehead, and rushing to a corner of the house, drew forth a soiled and tattered strip of faded calico which he must have procured some time or other in traffic on the beach--and besought me eagerly to exercise a little of my art upon it. It cannot be the direct physical force, like the power of Hercules; nor can it be based on the effect of moral force, as in their simplicity some historians think who say that the leading figures in history are heroes, that is, men gifted with a special strength of soul and mind called genius. Alexey Alexandrovitch was in principle in favor of the publicity of legal proceedings, though for some higher official considerations he disliked the application of the principle in Russia, and disapproved of it, as far as he could disapprove of anything instituted by authority of the Emperor. The more carefully I reflected on what had passed between us, the more shrewdly I suspected the production of the casket, and the application for the loan, of having been mere formalities, designed to pave the way for the parting inquiry addressed to me. "Sire," said he, "I know that no physician has been able to cure your majesty, but if you will follow my instructions, I will promise to cure you without any medicines or outward application. "Astor lost no time in addressing a second letter to the secretary of state, communicating this intelligence, and requesting it might be laid before the President; as no notice, however, had been taken of his previous letter, he contented himself with this simple communication, and made no further application by a line. I awaited the man's return, free from the slightest feeling of anxiety about the manner in which his master might receive my application.
