Thank you!!!I use the Bee Movie in my Botany class as we approach the end of the year as a fun review day. This was a great way to make the review more structured with questions rather than a free-form note sheet as I've used before.Strongly disagreeStrongly agreePerfect to leave for a substitute to ensure students stayed engaged with the movie. Thanks! Strongly disagreeStrongly agreeI used this with my Bees and Pollination Lesson. This was great to use with watching the Bee Movie. We completed the movie, answered questions, had a pollination and Bee lesson and lab. I like to end my ecosystems unit with the Bee Movie, it is a great example of how each organism is dependent on the next. The questions kept my students focused on the movie.Strongly disagreeStrongly agree 50%(2)50% found this document useful (2 votes)10K views1 pageThis document provides 15 multiple choice or short answer questions about the movie "Bee Movie" to be completed while watching.
